Subject: Portland Harbor River Banks
Attachments: Fig2-2-2_HH-and-Eco-Risk-Footprints_20150708.pdf

Matt – I just wanted to make sure that these reflect your understanding of the contaminated river banks identified in Section 1 of the FS. One of the banks is supposed to be the Shipyard, but there are 3 banks (two in SIL and one in the main channel) that have been identified. I don't think this is correct, but I wanted to check with you.
